EDUCATION

Shri Guru Gobind Singhji Institute of Engineering & Technology (SGGSJET), Nanded B.Tech-Computer Science and Engineering CGPA - 8.70	2020 – 2024 NANDED, India
Netaji Subash Chandra Bose junior college, Nanded, Maharashtra 12th HSC Percentage - 75%	2018 – 2020 NANDED.
Mahatma Phule High School, Nanded 10th SSC Percentage - 88%	2018 NANDED, India

INTERSHIP

Internship @Abhyaz

- Developed responsive, visually engaging user interfaces using HTML, CSS, and JavaScript.
- Collaborated on multiple projects, ensuring timely completion and high-quality results.
- Participated in debugging and code reviews to maintain code integrity.
- Adapted quickly to new frontend technologies and practices.
- Received positive feedback for dedication and proficiency in frontend development.

SKILLS

- Languages : Java, C, C++, HTML, CSS, JavaScript , React.js , Jdbc, MySQL
- IT Constructs : Data Structure and Algorithm, OOPS
- Platform: Linux, Vs code , Windows , GIT , Github

PROJECTS

• E-Commerce App

- The E-commerce Project is a user-friendly platform built with HTML, CSS, JavaScript, and React.js, offering seamless shopping experiences akin to Amazon. Key features include category filters, a secure cart, and a checkout system. Its efficiency stems from robust state management and modular design, ensuring scalability. Visit the deployed link for a demonstration.
- visit deployed **Link** 

• DBMS Project

- The Hostel Management System is a web-based application designed to streamline hostel administration tasks using HTML, CSS, JavaScript, MySQL, and PHP. It efficiently manages facilities, room allocations, student records, and fee payments, enhancing the overall hostel experience for administrators and students. Key features include real-time room availability and easy access to student information.
